FULL-STACK SOFTWARE ENGINEER

PERSONAL PROFILE

Pilot - Musician - Coder with stellar soft skills and experience working remotely, I love problem solving as part of a supportive team, writing code, connecting pathways, and rendering the outcomes. Victory is mine every time something I had a part in creating appears in the browser… It never gets old.

PERSONAL PROJECTS

VQ-PLANNER & KETO-BITO
- Both one-page apps
- One a fitness app for keeping track of custom exercises
- The other for helping people navigate a Ketogenic lifestyle
